

## ADAM & EVE STORY CUPS

### Supplies:

2-16 oz. clear plastic cups

Permanent color markers (you may substitute paint pens or stickers, but the background will not look as natural).

### Instructions:

Start by drawing Adam and Eve (Adam to the right of Eve) on one of the cups (that is all you will put on that cup), because all the scenery needs to fit around or over them.

Lay the 2<sup>nd</sup> cup over the first. Draw a tree on the left of Adam & Eve and a sun and birds above to make it look like a wonderful garden. Draw another tree to the right of them. Put fruit on both trees, because God had told them they could eat of any the trees but one.

After you have drawn the 2<sup>nd</sup> tree, turn the top cup so that Adam and Eve are to the right of the 2<sup>nd</sup> tree. Now draw a 3<sup>rd</sup> tree, also with fruit, but add a serpent to this tree.

After you finish the 3<sup>rd</sup> tree, turn the cup again, placing Adam and Eve to the right of the 3<sup>rd</sup> tree. Now draw a straight black line all the way up the right side of Eve, turning the line at the top so that it goes towards her mouth. Put a red circle (apple) on the end of the line (it is to look like it could be a red flower when it is part of the background).

Now turn the cup slightly to where the black line is running up Eve's left side and the apple is being handed to Adam.

Turn the cup a little farther and completely cover Adam and Eve with green bushes to look like they are hiding.

Turn the cup further and draw arch like designs that start about shoulder height for Eve and waist height for Adam. Color these brown. These are to be their clothes that God provided, and they are to look like rocks when they are part of the background. You are finished.

Determining how much space to leave between trees, etc is just a matter of trial and adjusting. My Adam and Eve figures are very small (only about 1/2 inch tall) on my cup. The trees are only about 1 1/2 inches tall.
